

Selectable Gallonage Monitor Nozzle

- Durable, lightweight alloy construction
- Combination pattern, master stream nozzle with four distinct, calibrated and selectable flow settings
- Combination of straight stream and variable fog patterns
- Selectable flow rate, changeable even during flowing conditions
- Reduces the risk of injury from manually changing tips on deck
- Spinning teeth produce dense, wide, fully adjustable fog pattern
- Heavy-duty protective rubber bumper
- Low maintenance components
- Compatible with Protek's wide range of monitors

Style 849
