

SIAMESE

Protek offers a wide selection of valves, including wyes, water thief and siamese. Wyes are used to divide a single flow, allowing fire fighters to extend attack lines when pre-connects do not reach. Both 2-way and 3-way wye options are available. water Thief allows fire 3-way fighters to extend attack lines from a main supple line. Siamese is used to combine several hose lines into one. Both dual-inlet and trio-inlet siamese options available.

Style	545	545-BC
Material	Alloy	Brass
Inlet Size	2-1/2" Female x 2 (65mm)	2-1/2" Female x 2 (65mm)
Outlet Size	2-1/2" to 6" Female (65-150 mm)	2-1/2" to 6" Female (65-150 mm)
Weight Lbs (kg)	15.8 (7.2)	36 (16.5)

- Available in lightweight alloy or brass construction.
- Working pressure up to 200 psi (14 bar).
- Easy operation even at high flows with minimal friction loss.
- Dividing single flow into two way discharge.
- Male adapters are easily removed for adjustment seats.
- Torque handle for more positive handle positioning.
- Used to combine several hose lines into one.
- Clappers allow additional lines to be added without interrupting flow.
- Used as suction inlet collection for pumpers -2-1/2" swivel inlets come with strainers.
